pH 12

Evans Vanodine has been developing and manufacturing cleaning and hygiene products for over 100 years. Our products cover an extensive range of applications within industrial and janitorial sectors. The company, still owned and run by the Evans family, currently exports products to over 85 countries worldwide.

In-house microbiologists and chemists enable us to deliver quality and consistency at every stage of production and ensure all our products comply with regulations and that virucidal and bactericidal claims are substantiated by BS EN test methods. Microbiological profiles are available on our website.

COVID-19 EFFECTIVE PRODUCTS

We have a selection of products which are effective against enveloped viruses, including Coronavirus. These are identified in this brochure with our Covid-19 symbol.

OPTIMUM PERFORMANCE - MINIMUM IMPACT

Every product in the Evans range is analysed using the GreenTick system. The lower the overall product score, the lower the impact on the environment. Products which achieve a low impact rating are identified with a GreenTick logo on the label.

Floor Seal, Maintainers and Scrubber Dryer Products
