

# Alu Safe Tray Wash

Tray, crate and ware wash detergent

Highly efficient, aluminium safe, low foaming detergent for use through automatic ware washing machines and for manual washing.

Supplied in a natural see-through container to easily check volume.

Ideal for use in professional kitchens and in the food processing industry.

- Removes fat, grease, burnt on food debris and carbon deposits.
- Ideal for cleaning aluminium, zinc trays, utensils, glazed pots and metal equipment.
- Also for use on plastic trays, crates, polycarbonate and caustic sensitive metal surfaces.
- Effective in soft, medium or hard water conditions.
- Very economical in use.

#### FOR USE IN AUTOMATIC MACHINES:

Dispense into an automatic machine through an electronic dispenser at a ratio of 2-5 ml per litre, at 55-70°C, or in accordance with the machine manufacturer's instructions.

For tray/crate washing in the Food and Beverage Industry use 0.5-3.0% (5-30 ml per litre) at 55-70°C.

#### FOR MANUAL WASHING:

Dilute upto 1:400 parts hot water depending on soiling and water hardness (25 ml per 10 L / or use a pelican pump 1 x  per 10 L C082AEV).

Immerse trays and utensils in solution until soiling is loosened. Remove soil by light brushing or scrubbing. Rinse with clean water.

5 L

**Order Code: A117EEV2**

Pack: 2 x 5 litre

20 L

**Order Code: A17JEV**

Pack: 20 litre

#### PRODUCT INFORMATION:

Appearance: Clear colourless liquid  
Odour: Faint  
pH - undiluted: 13.9  
Shelf life: 3 years

#### QUALITY AND ENVIRONMENTAL ASSURANCE:

This product is manufactured in the U.K. by EVANS VANODINE INTERNATIONAL PLC under an ISO 9001 Quality Management System Cert. No. FM 09535 and an ISO 14001 Environmental Management System Cert. No. EMS 506072 registered by the British Standards Institution.
