

Crusader Coloursafe Oxy Powder

For Industrial and professional use only

High performance powder, removes heavy stains from cotton, polyester and synthetic fabrics.

Suitable on white and coloured fabrics without affecting shade and intensity of colour.

May be used to pre-soak stained fabrics before washing.

- Ideal for use in hospitals and care homes.
- For adding to the mainwash cycle in addition to normal detergent.
- Can be used in hard and soft water areas.
- For best results use in conjunction with Evans CRUSADER LAUNDRY LIQUID.

LAUNDRY MACHINE:

Crusader Coloursafe Oxy Powder should be manually dosed at the following ration per kilo of dry fabric.

	PRE-SOAK	MAIN WASH
NORMAL SOILING	5g per kilo	2 - 3g per kilo
HEAVY SOILING	5g per kilo	3 - 5g per kilo

For optimum results the temperature of the main wash should be 60°C for coloured fabric and 80°C for whites.

10 kg

Order Code: C046AEV

Pack: 10 kg
