

Allantocare™

Ready-to-use iodophor pre/post teat disinfectant

Ready-to-use pre/post milking teat disinfectant.
Contains superb skin conditioning properties with dual halogen complex.

Contains Allantoin which improves skin condition, heals wounds & sunburn.

Passes EN 1656. Rapidly kills bacteria. Effective against mastitis causing organisms.

- Contains a dual-active disinfection source; including PVP Iodine, as used in hospitals.
- Passes European disinfectant test method EN 1656 with a 15 second contact time.
- Tested in a UKAS Accredited Laboratory.
- Allantoin is keratolytic & is proven in the cosmetic industry to improve skin condition.
- High levels of emollients chosen for their hygroscopic & humectant properties to smooth & soften the skin to reduce cracks & crevices where bacteria may multiply.
- The highly visible dark brown colour shows at a glance which cows have been effectively dipped or sprayed.

**Make sure udder & teats are clean & dry before using this product.
No dilution required.**

PRE-MILKING DIPPING OR SPRAYING:

Cover all of the teats of every cow with Allantocare™ leave for 30 seconds, then using a single service paper towel, wipe and dry the teats thoroughly before attaching the clusters.

POST-MILKING DIPPING OR SPRAYING:

Fill teat cup about two thirds full with Allantocare™. Dip teats of every cow immediately after each has been milked, making sure that the full length of the teat is immersed. Top up with fresh solution as required. Empty and wash out teat dip cups after milking.

POST-MILKING SPRAYING:

Immediately after milking spray the entire surface of each teat of every cow with Allantocare™.

25 l Order Code: **R046KEV**

Pack: 25 litre (26.73 kg)
Pallet: 24 Each

200 l Order Code: **R046NEV**

Pack: 200 litre (214.2 kg)
Pallet: 4 Each

1000 l Order Code: **R046SEV**

Pack: 1000 litre (1092 kg)
Each

PRODUCT INFORMATION:

Appearance: Dark brown liquid
Odour: Faint iodine
pH - undiluted: 4.50
Shelf life: 2 years

COMPOSITION: Contains a blend of PVP iodine, iodine, emollient, allantoin & nonionic surfactant.
