Cyclone

Extra thick bleach

Perfumed thickened bleach with added detergent. Concentrated disinfectant.

Thickened; extends the contact time for superior cleaning and disinfecting.

Kills bacteria; passes EN 1276. Effective against MRSA.

- Ideal for removing mould and mildew from grout in kitchens and washrooms.
- If used undiluted, product provides 50,000 parts per million available chlorine.
- Effective against Coronavirus at 1,000 ppm.

CLEANING AND DISINFECTING TOILETS:

Flush first and remove excess dirt and grime before cleaning and disinfecting. Wet all surfaces of bowl interior, including sides of bowl and under the rim, with at least 100ml of bleach. Do not close the toilet bowl lid. To ensure disinfection allow to stand for at least 15 minutes. Brush entire bowl thoroughly and flush. To remove tough stains: Apply a generous amount of liquid directly onto the tough stain.

FOR HARD SURFACES:

Remove heavy soiling first, then dilute 1:50 parts of water (20ml per 1lt of warm water). Apply with a sponge or mop, wetting all surfaces thoroughly. Allow to stand for 5 minutes, then wipe away excess. For Coronavirus, dilute 23ml per 1lt of water for 1,000 ppm and clean surfaces with a detergent first, prior to disinfection.

BLEACHING LAUNDRY:

Dilute 1:100. If soaking overnight use 1:200 solution.

EQUIPMENT DISINFECTION BY SOAKING:

Remove heavy soiling first, then dilute 1:50 parts water (20ml per 1lt of warm water). Allow to soak for a minimum of 15 minutes. Remove and rinse with water.

USAGE:

Do not use on: Marble, natural stone, wood, painted surfaces, aluminium, carpet or paper. Please take care when handling product to avoid spillages on skin and clothes. Do not store near acid based products.

PRODUCT INFORMATION:

Appearance: Clear yellow/green

viscous liquid
