

Handsan™ Foam

70% Alcohol-based foaming hand disinfectant

Quick acting and highly effective, alcohol-based, foaming hand disinfectant. Kills a range of bacteria, enveloped viruses and yeast. Rapidly evaporates from hands.

Passes EN 14476 against enveloped viruses with a 1-minute contact time.

Specialised emollient system for better skin conditioning and to aid with repeated use.

- Dual biocide system; contains 70% alcohol and 0.1% Chlorhexidine Digluconate.
- Passes EN 1276, EN 14476, EN 13727, EN 1650, EN 13624 and EN 1500.
- Produces a thick, voluminous foam to spread easily over the hands.
- Quickly evaporates from hands without leaving a residue or odour.
- Ideal for in between patient contact in non-surgical medical care establishments.
- Does not contain dyes or perfume; recommended wherever food is handled, prepared or served.
- Foaming formulation will not drip from or block the pump head or wall dispenser.
- Available in a choice of pack sizes to meet a variety of requirements.
- Reuse and refill the 500ml pump bottle from the 5 L bottle for extra economy.

DIRECTION FOR USE:

For use on visibly clean hands only. If hands are dirty, wash with soap and water, rinse and dry before applying Handsan Foam.

Use sufficient product (1.5-3ml) to ensure complete coverage. This may vary with hand size and skin condition. (1 pump is approximately 1.2ml for 500ml bottle and 0.6ml for Evolve wall dispenser).

Apply to palms and spread over hands and wrists, paying special attention to cuticles and creases in skin. Rub in well until skin is dry. This should take approximately 1 minute. Drying hands is not necessary as product will evaporate leaving skin refreshed and sanitised.

Food handling/preparation areas: Use before and after handling food.

Non-surgical medical areas: Use before and after touching a patient, before an aseptic task, after body fluid exposure risk and after contact with patient surroundings. Where specific infection prevention and control measures are required, soap and water cleansing may be needed in addition to Handsan Foam.

**Not suitable for use on damaged skin.
Avoid spilling or splashing on clothes or fabrics.**

Handsan Foam is not currently available for sale in NI, ROI and Europe (pending registration).

500 ml

Order Code: A146FEV
Pack: 6 x 500 ml

1L

Order Code: A146BEV
Pack: 6 x 1 litre cartridge

5L

Order Code: A146EEV2
Pack: 2 x 5 litre
