TEAT CARE

Pre-dip

RTU Fast-acting Iodophor Pre-milk Teat Disinfectant

- Pre-milking as a dip or spray.
- Fast-acting, only a 15 second contact time required.
- Kills major mastitis causing bacteria picked up from the environment.
- Economical formulation.
- Authorised GB/Ni and Biocide via BPR.
- Passes EN 1656 against bacteria (15s).
- Passes EN 1657 against yeast (30s).

Evafoam

RTU Chlorhexidine and Lactic Acid Foaming Teat Disinfectant and Cleaner

- Pre and post-milking as a foam, dip, or spray.
- High-foaming, for clean and well-prepared teats.
- Dual biocides for improved biocidal performance.
- Contains allantoin and glycerol emollients to help smooth and soften the skin.
- Passes EN 1656 against bacteria.

Pro-Tec 1:3

Concentrated Iodine and PVP-Iodine Teat Disinfectant and Conditioner

- Pre and post-milking as a dip, spray, or foam.
- Fast-acting dual halogen complex; proven biocidal performance.
- Contains high levels of allantoin and glycerol emollients.
- Economical in-use concentrate.
- Authorised GB/Ni and EU Biocide via BPR.
- Passes EN 1656 against bacteria.
- Passes EN 1657 against yeast.

TEAT CARE

Allantocare

RTU Iodine and PVP-Iodine Teat Disinfectant and Conditioner

- Pre and post-milking as a dip, spray, or foam.
- Fast-acting dual halogen complex; proven biocidal performance.
- Contains 9% allantoin and glycerol emollients.
- Highly visible dark brown formulation.
- Authorised GB/Ni and EU Biocide via BPR.
- Passes EN 1656 against bacteria.
- Passes EN 1657 against yeast.

Contact

RTU Liquid Iodophor-Based Pre/Post Teat Disinfectant

- Pre and post-milking as a dip, spray, or foam.
- Polymeric agent to ensure effective coverage with added surfactant.
- Fast-acting dual halogen complex; proven biocidal performance.
- Highly visible, dark brown, thickened formulation.
- Contains 10% glycerol and sorbitol emollients.
- Passes EN 1656 and EN 1657.
- Authorised GB/Ni and EU Biocide via BPR.

Supa-Max

RTU Chlorhexidine and Lactic Acid Teat Disinfectant and Conditioner

- Pre-milk foam and post-milk dip or spray.
- Long-lasting, vivid blue colour.
- Dual biocide - non-corrosive formulation.
- High performance in robotic milking parlours.
- Over 10% allantoin, glycerol and sodium lactate emollients, to condition skin and balance pH.
- Passes EN 1656 against bacteria.

Sapphire Concentrate

Concentrated Chlorhexidine and Lactic Acid Teat Disinfectant

- Pre and post-milking as a dip, spray, or foam.
- Formulated to avoid solution instability after dilution; hard water tolerant.
- Highly economical in-use. Can be diluted up to 1:7.
- Intense, long-lasting blue colour.
- Dual biocides. Added emollient to maintain teat condition.
- Passes EN 1656 against bacteria.
- Passes EN 1657 against yeast.

TEAT CARE

Masomint

RTU Chlorhexidine and Lactic Acid Teat Disinfectant and Conditioner

- Fresh mint fragrance.
- Contains L-menthol to soothe and calm the skin.
- Highly visible dark-blue colour.
- Specially selected mild surfactant is gentle on the skin.
- Passes EN 1656 against bacteria.
- Passes EN 1657 against yeast.

Masodine 1:3 / Masodine Concentrate

2.15% w/v Concentrate for Teat Dip and Spray Solution

- Authorised UK veterinary medicine; effective aid in the control of mastitis.
- Pre and post-milking dip or spray.
- Economical and fast-acting iodophor formulation.
- Can be used for pre-milking 1:7 or post-milking 1:3 (5,375ppm).
- Glycerine and sorbitol emollients help to prevent sore teats.
- Passes EN 1656 and EN 1657 against bacteria and yeast.
- Authorised GB/Ni and EU Biocide via BPR.

Masocare 1:4 / Masocare Concentrate

2.72% w/v Concentrate Teat Dip and Spray Solution

- Authorised UK Veterinary medicine; effective aid in the control of mastitis.
- Dip or spray. Post-milking 1:4. Pre-milking 1:9.
- Economical. High iodine content when diluted.
- High levels of glycerine and sorbitol emollient aids teat condition.
- Helps maintain superb teat condition all year round.
- Passes EN 1656 and EN 1657.
- Authorised GB/Ni and EU Biocide via BPR.

Visqodip

0.535% w/v Ready-to-use Teat Dip Solution

- Authorised UK veterinary medicine; effective aid in the control of mastitis.
- Post-milking dip only due to highly thickened formulation.
- Provides long-lasting and visible protection on the teats.
- Fast-acting biocidal iodophor formulation.
- Contains 9% glycerine and sorbitol emollients for excellent teat condition.
- Passes EN 1656 and EN 1657.
- Authorised GB/Ni and EU Biocide via BPR.

Masofilm

RTU Iodophor Barrier-Film Teat Disinfectant and Conditioner

- Post-milking dip only due to film-forming and thickening agents.
- Gives teat-end barrier-film protection between milkings.
- Added polymers for excellent film-forming properties.
- 10% glycerine and sorbitol emollients for exceptional teat condition.
- Passes EN 1656 against bacteria and EN 1657 against yeast.
- Authorised GB/Ni and EU Biocide via BPR.

TEAT CARE

Four Seasons Masodip RTU Chlorhexidine Teat Disinfectant and Conditioner

- Post-milking dip or spray.
- 10% glycerol emollient for excellent skin conditioning.
- Economical and effective year-round protection.
- Passes EN 1656 against bacteria.
- Passes EN 1657 against yeast.

25 L 200 L
1000 L

PRE/
POST

Multi Foamer Teat Dip Cup

- Large angled cup for easy application and maximum teat coverage.
- Easy squeeze action for rapid and consistent foam generation.
- Soft squeeze bottle for ease of use.
- Convenient belt hook.

PRE/
POST

Each

Twin Dipper Teat Dip Cup

- Two tubes provide the same volume of chemical for half the squeeze.
- Non-return design prevents contaminated chemical from returning to dip cup bottle.
- Specially designed splash-proof lip to overflow chamber to reduce spillage and overflow.
- Soft squeeze bottle for ease of use.
- Convenient belt hook.

PRE/
POST

Each

Foot/Boot Bath

- Large container for use in farm biosecurity.
- To be filled with appropriate disinfectant we recommend FAM 30 and replace the solution regularly.
- Ideal as the final step in boot disinfection after boots have been cleaned and are free from dirt.

Each

TEAT CARE

CIRCULATION CLEANING - ALKALINES

Vanosan

Chlorinated Alkaline Pipeline and Direct Expansion Tank Cleaner

- Strong chlorinated sodium hydroxide formulation.
- Defats, removes proteins, cleans, suspends and carries the soil away.
- Added sequestrants for improved cleaning in all water hardness levels.
- May be used as part of acid/alkali wash programme.
- Suitable for use in robotic parlours.

25 L 200 L
1000 L

Vanorinse

Chlorinated Alkaline Pipeline Cleaner

- Mixes easily, is non-foaming and rinses freely.
- Defats and protects rubbers.
- Added sequestrants for improved cleaning in all water hardness levels.
- Economical in use.

25 L 200 L
1000 L

Crystal

Concentrated Chlorinated Alkaline Powder Circulation and Bulk Tank Cleaner

- Highly concentrated, chlorinated sodium hydroxide formulation.
- Economical in use - 100 grams to 40 litres.
- Contains high sodium hydroxide and chlorine content.
- Low-foaming and free-rinsing to leave equipment sparkling clean.

20 kg

Metron

Chlorinated Alkaline Powder Circulation and Bulk Tank Cleaner

- A sophisticated, sodium hydroxide and sodium metasilicate formulation.
- Effective sequestant system suitable for dilution in hard water.
- Contains metasilicates for improved fat removal.
- Complex formulation is powerful but kinder to rubbers.

20 kg

CIRCULATION CLEANING - ALKALINES

Robo Alkali

Chlorine-Free Alkaline Circulation Cleaner for Robotic Milking Equipment

- Removes fats and protein deposits.
- High strength stabilised sodium hydroxide solution.
- Non-foaming, rinse away easily.
- Use in conjunction with **Robo Acid** as part of an acid-alkali wash programme.
- Suitable for robotic and conventional milking equipment.

25 L 200 L

CIP Liquid

Chlorine-Free Liquid Alkaline Circulation Detergent

- High sodium hydroxide content, low foam, circulation cleaner.
- Removes fats, oils and protein deposits.
- Added sequestrants for improved cleaning in all water hardness levels.
- Sequestant agent prevents build-up of scale deposits.
- May be used in single-stage or multi-stage CIP processes.
- For a wide range of applications including robotic and conventional milking systems.

25 L 200 L
1000 L

Coldwash

Chlorine Free, High Strength Powder Circulation Cleaner

- Highly caustic detergent powder.
- No heating of water required.
- Effective for all water hardness.
- Mixes easily, non-foaming, rinses freely.

25 kg

Cleansan

Detergent for Cluster Flush and Teat-Brush Systems

- Super concentrated QAC-free detergent.
- Effectively cleans clusters between each animal.
- 25 L makes 200 L. Equals 20,000 L when used at 1%.
- Formulated without peracetic acid; less corrosion.
- Highly effective at cleaning teats through teat-brush systems.

25 L

CIRCULATION CLEANING - ACIDS

Robo Acid

Acid Cleaner Descaler for Robotic Milking Equipment

- Fast-acting, phosphoric acid-based.
- Removes milkstone and scale deposits.
- Low-foaming and quick rinsing.
- Use in conjunction with **Robo Alkali** as part of acid-alkali wash programme.
- Suitable for robotic and conventional milking equipment.

25 L 200 L

1000 L

Multi Acid

Blended Acid Descaler

- Nitric and phosphoric acid blend, giving synergistic action.
- Rapid, effective scale removal.
- For regular and robotic milking plants, single or multi-stage CIP descaling.
- Effective also in ABW plants.
- Economical night wash.

25 L 200 L

1000 L

Acid-Brite

Highly Concentrated Acid Cleaner for Bulk Tanks and Pipelines

- Versatile methane sulphonic acid and surfactant formulation.
- For cleaning all types of bulk tanks and other dairy equipment.
- Also useful in alternating acid/alkali wash programmes.
- Economical cost-in-use milkstone remover; used at low concentration.
- Suitable for use in robotic parlours.

25 L 200 L

1000 L

GP Acid

General Milkstone Remover and Descaler

- Fast-acting methane sulphonic acid-based formulation.
- Prevents milkstone build-up.
- For pipelines, equipment and bulk tanks.
- Low-foaming and quick-rinsing.

25 L 200 L

1000 L

CIRCULATION CLEANING

DISINFECTANTS AND BIOSECURITY

FAM 30

Multi-Purpose Iodophor Biosecurity and Surface Disinfectant

- Concentrated DEFRA Approved formulation (Foot & Mouth, Swine Vesicular, Poultry, TB & General Orders).
- Active in the presence of organic matter and proven to kill pathogens on porous surfaces.
- Can be foamed for greater coverage, contact time and visible application.
- Long-lasting activity is ideal for reused solutions; boot dips, wheel baths, foot mats.
- Effective in all water conditions due to additional acid agents.
- Non-toxic, non-carcinogenic, and not a respiratory sensitiser.
- Also suitable for the disinfection of fish nets, holding tanks and crates to prevent the spread of disease in ponds and fisheries.
- Authorised GB/NI and EU Biocide via BPR.

1 L 5 L
25 L 200 L
1000 L

GPC8

Glutaraldehyde and Twin Chain QAC-Based Disinfectant

- DEFRA approved (Foot & Mouth, Poultry and General Orders).
- Advanced formulation is highly effective against bacteria, viruses and fungi.
- Active in the presence of organic matter due to added surfactant agent.
- Can be foamed for greater coverage, contact time and visible application.
- Prolonged residual activity after application and restocking.
- Non-corrosive and non-staining at in-use dilution.
- For use with fogging machines.

5 L 25 L
200 L 1000 L

Buffodine

Buffered Iodophor Fish Egg Disinfectant

- For the disinfection of eyed and newly stripped non-hardened fish eggs.
- Iodine-based, effective against VHS, IPN and ISA fish viruses.
- Neutral pH, allows disinfection without harming the eggs.
- Colour coded to indicate virucidal activity.
- Authorised GB/NI and EU Biocide via BPR.

1 L 5 L

DISINFECTANTS AND BIOSECURITY

Vanodox Formula

Peracetic Acid-Based Disinfectant

- DEFRA approved (Foot & Mouth, Swine Vesicular, Poultry and General Orders).
- Highly effective against bacteria, viruses and fungi; see microbiological profile.
- Economical in use.
- Ideal for use in intensive livestock housing.
- Surfactant-assisted formulation.

10 kg 22 kg

Peradox

Peracetic Acid Based Circulation and Surface Disinfectant

- Used for disinfecting a wide range of in-place circulation systems.
- Suitable for cluster dipping and automatic teat brush systems.
- Passes EN 1656; an effective surface disinfectant.
- Fast-acting 15 second contact required, economical in use.
- A clear, colourless, liquid terminal disinfectant.
- Suitable in all water types.

22 kg 222 kg
1000kg

Evans Hypochlorite

Chlorine Based Disinfectant

- Fast bactericidal action.
- For routine disinfection of milking parlours, pipelines, utensils and general cleaned surfaces.
- Suitable for in-place disinfection programmes.
- Can be used for swimming pool chlorination.

25 L 200 L
1000 L

Vanoquat

Formulated Quaternary-Based Disinfectant

- Ideal for single or two stage cleaning and disinfection programmes.
- Highly effective against bacteria, viruses and fungi.
- Passes EN 1656; an effective surface disinfectant.
- Effective in all water conditions; captures hard water minerals.
- For use with fogging machines.
- Non-corrosive at in-use dilution.

5 L 25 L
200 L 1000 L

SPRAY AND FOAM DETERGENTS

Target Powergel

Advanced Heavy-Duty Alkaline Gel Detergent

- For rapid removal of difficult to remove organic soiling.
- Suitable for all types of livestock housing surfaces, and highly soiled food processing areas.
- Added sequestrants for improved cleaning in all water hardness levels.
- Gel technology to be applied with or without a foam lance for simple application.
- Ideal for all types of pressure washers.

Target Extra

Chlorinated Alkaline Foaming and Cleaning Detergent

- Powerful, heavy-duty cleaner, contains caustic and hypochlorite.
- Effective removal of food soil and stains.
- Can be used with hot or cold water and in all water hardness levels.
- Suitable for high pressure water or compressed air systems.

Target

Alkaline and Solvent Foaming and Cleaning Detergent

- Powerful, heavy-duty cleaner for effective removal of organic soil.
- Formulated to break down protein and fats.
- Suitable for all types of livestock housing and food processing areas.
- Can be used with hot or cold water and in all water hardness levels.
- Non-corrosive in-use formulation.
- Ideal for high pressure water or compressed air systems or for manual application.

Target Acid Foam

Acid Foam Cleaner

- Powerful acidic foam cleaner.
- Effective removal of food soil, protein deposits and hard water scale.
- May be used in hot or cold water.
- Suitable for use in high pressure water and compressed air systems.

SPRAY AND FOAM DETERGENTS

Shift

Multi-Use Surfactant-Based Foaming Detergent

- Non-corrosive in-use formulation.
- Can be applied as a spray, or as a foam for improved performance.
- Rapidly removes soiling without relying on abrasive caustic chemicals.
- Suitable for cleaning animal housing, buildings, vehicles and equipment.
- Added sequestrants for improved cleaning in all water hardness levels.

TSR 100

Traffic Soil Remover

- Powerful heavy-duty detergent.
- Removes road film and grease from vehicles.
- Ideal for cleaning machinery and equipment.
- Ideal for all types of pressure washers.

DETERGENTS AND CLEANERS

Filter Cleaner

For Thorough Cleaning of Re-usable Milk Filters

- Efficient caustic-based cleaner.
- For the prevention and removal of protein or milkstone deposits.
- Simple 1:1 usage ratio.
- With added water softeners for hard water.

10 L

Alu Safe Tray Wash

Tray, Crate and Ware Wash Detergent

- Highly efficient, low-foaming, aluminium-safe detergent.
- Removes fat, grease and burnt on food debris.
- Suitable for plastic trays, polycarbonate, glazed pots and caustic sensitive metal surfaces.
- For use through automatic wash machines and for manual soaking, in all water conditions.

5 L

20 L

Show Off

Superior Animal Shampoo

- Cleansing shampoo for sheep, cattle, horses and pets.
- Helps the coat to retain its shine and gloss.
- Leaves no grease or scum.
- Effective in all water conditions.

5 L

Trident

Sanitising Powder

- A low abrasive powder for the cleaning of stainless-steel bulk milk tanks and equipment.
- Effective against bacteria.
- Contains a blend of detergents and chlorine releasing agents.
- Multi-purpose usage.
- Economical in use.

5 kg

HAND CARE

Handsan

70% Alcohol-based Hand Disinfectant

- Kills a range of bacteria, enveloped viruses and yeast passes EN 1500.
- Passes EN 1276 and EN 13727 under clean conditions with a 30 second contact time.
- Passes EN 14476 against all enveloped viruses with a 1 minute contact time.
- Quickly evaporates without residue, contains an added moisturiser to protect skin.

500ml

1 L

5 L

Trigon Plus

Unperfumed, Bactericidal Hand Wash

- Passes EN 1499, EN 13727 and EN 1276; kills 99.999% of bacteria.
- Unperfumed, suitable where food is handled.
- Helps prevent the risk of cross contamination.
- Contains moisturising ingredients; ideal for frequent hand washing.
- GreenTick; low environmental impact rating.

500ml

5 L

Citrand

Heavy Duty Hand Gel with Olive Seed

- Soft gel, dissolves and removes oil, grease and stubborn soiling from hands.
- Contains sustainably sourced olive seed, and glycerine for added skin protection.
- Ideal for garages, workshops and general industry.
- Suitable for using through a dispenser or direct from the bottle using a pelican pump.
- GreenTick; low environmental impact rated.

5 L

CLEANING PRODUCTS

Est-eem and Est-eem RTU

Multi-Purpose, Unperfumed Disinfectant Cleaner

- For food contact surfaces, floors, walls and equipment.
- Kills bacteria. Passes EN 1276 at recommended dilution rate and contact time.
- Passes EN 16777 and EN 14476; effective against enveloped viruses, including Coronavirus.
- Ideal in kitchens and the food industry.
- GreenTick; low environmental impact rated.

Lift and Lift RTU

Heavy-Duty Cleaner Degreaser

- Powerful, multi-surface cleaner and degreaser.
- Cuts through grease and removes ingrained soil.
- Approved for ALTRO flooring.
- For use on floors, walls, cooker hoods and ovens.
- Ideal in kitchens and the food industry.
- GreenTick; low environmental impact rating.

Q'sol

High Strength Manual Detergent

- Excellent grease removal properties.
- Effective in hard or soft water.
- For manual cleaning of floors, walls, utensils and equipment in the parlour, dairy and farm kitchen.
- Also recommended for washing vehicles.

The professional hygiene products shown in this brochure are only a selection of what we can offer please visit our website to view the full range.

LAUNDRY

One3five Bio

Biological Washing Powder

- Phosphate free, biological powder for professional use.
- Provides up to 135 washes per carton.
- A blend of enzymes and surfactants to remove stubborn stains, even at low temperatures.
- Contains colour-safe oxygen-based bleach and optical brighteners.
- Robust box and plastic-free carry handle with easy tear opening strip.
- Also available in non-bio.

10 kg

Search Laundry Liquid

Removes Heavy Stains and Soil

- High-active, low-foam, perfumed liquid with optical brightener.
- Outstanding washing ability at all temperatures, in all water conditions.
- For all types of automatic, non-automatic and industrial machines.
- Also suitable for washing by hand.

5 L

Search Fabric Conditioner

Softens Fabrics

- Highly perfumed, phosphate-free liquid.
- Dual encapsulation technology, to keep fabrics smelling fresher for longer.
- Reduces static cling in synthetic materials.
- Leaves cotton and polyester cotton less creased.
- Provides a clean, outdoor spring freshness to all washable fabrics.
- For all types of automatic, non-automatic and industrial machines.

5 L

SUNDRIES

Ounc-A-Matic Drum Pump

- Large pelican pump to fit on to 25 L chemical drum.
- Allows easy dispensing of chemical.

25 L

Ezi-action Drum Pumps

- Large and robust drum pumps.
- Allows easy dispensing of chemical.
- 1000 L pump includes 2 metres of tubing.

25 L

200 L

1000 L

Aeroflow Drum Tap

- Tap to fit on to a 25 L chemical drum.
- Allows easy dispensing of chemical.

Each

Dairy Apron

- One-size dairy apron.
- Gives an extra layer of protection when working in the dairy.
- Fully waterproof.

Each

SUNDRIES

Chemical Concentration Testing

- FAM 30 Iodine Concentration Test Kit.
- GPC8 Concentration test strips.
- Measures the iodine content of your solution to ensure the correct levels are being used.
- Identifies when solution needs to be refreshed.

Each

Foam Lance Equipment

For machines up to 220 bar pressure

- Foam lances and trigger gun equipment; available on request.
- High-pressure foam lance.
- Trigger guns and connectors.

Each

Evolve Soap Dispensers

- Hand soap dispenser.
- Available to refill with a 900 ml capacity.
- Alternatively, for use with a replaceable 1 L cartridge.

Each
