

HAND WASH PRODUCTS AND VEGANISM

We can confirm that the use of products from the Evans hand-wash range is consistent with the aims of veganism as defined by The Vegan Society:

“Veganism is a way of living which seeks to exclude, as far as is possible and practicable, all forms of exploitation of, and cruelty to, animals for food, clothing or any other purpose.”

The products are formulated and regulated in accordance with the Cosmetic Products Regulation 1223/2009 which forbids the placing on the market of finished cosmetic formulations that have been tested on animals, or cosmetic products containing ingredients that have been tested on animals, to establish product safety, after the cut-off date of March 2009
